

HUSBAND RESCUED DESPAIRING WIFE

**After Four Years of Discouraging
Conditions, Mrs. Bullock Gave
Up in Despair. Husband
Came to Rescue.**

Cañon, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

May Be Extra Session.

It looks like Gov. Stanley will call a special session of the legislature some time in November, to consider a change in the tax laws of the state. The members of the tax commission have been holding meetings with business men, bankers, farmers, corporation heads, lawyers and public officials, and have made diligent efforts to get the viewpoint of every class of persons which has taxes to pay. The commission consists of members of both House and Senate, and the report which it will make to the Governor will contain the complete drafts of a bill which is expected to revise thoroughly and in detail all of the existing tax laws of the State, and this bill will go before the extra session as an administration measure. The members of the tax commission will have the advantage of being on the floor of each House to defend their conclusion.

Are You Looking Old?

Old age comes quick enough without inviting it. Some look old at forty. That is because they neglect the liver and bowels. Keep your bowels regular and your liver healthy and you will not only feel younger but look younger. When troubled with constipation or biliousness take Chamberlain's Tablets. They are intended especially for these ailments and are excellent. Easy to take and most agreeable in effect. Obtainable at Paull Drug Co. Adv.

The crowd at the opening of the Democratic campaign at Winchester is estimated at 20,000 and it is said to have been the most auspicious in many years.

Mrs. Anne E. Howe, the only sister of President Wilson, is reported seriously ill at her home in New London and the President has gone at her bedside.

Albert H. Charlton, of Louisville, one of the four Democratic members of the Legislature, who bolted Beckham, is dead. Only one of the four is now living.

Music for Cows.

According to W. W. Wilcox, a Colorado farmer, music has unexpected charms to soothe the bovine beast. It is a valuable adjunct to a dairy farm. He has installed a phonograph in his barn, and makes a practice of playing tunes while the cows are being milked.

"The music charms and soothes the cows as nothing else does," testifies their owner. "Under its soothing influence they yield a greatly increased quantity of milk. It is a fact not generally known that cows have esthetic, musical temperaments."

Even the hired men, it seems have "esthetic, musical instruments," for Mr. Wilcox says that during the concerts they stop talking and fooling around, and attend to their work. But the boss is not particularly concerned about them. What he is interested in is the esthetic elevation of cows.

How to Give Good Advice.

The best way to give good advice is to set a good example. When others see how quickly you get over your cold by taking Chamberlain's Cough Remedy they are likely to follow your example. This remedy has been in use for many years and enjoys an excellent reputation. Obtainable at Paull Drug Co. Adv.

Impounding the Tailings.

Some think that the saloon-keeper is treated harshly. He is not. Society is not as strict with him as with those engaged in legitimate business. Take the stamp mill, for instance. It is an asset to a community—a blessing to a mining camp, and yet the stamp mill must be careful not to do injury to others.

It takes in the ore bearing rock and stamps, and stamps, until all the precious material is extracted; but the refuse stuff that is left—the tailings—is it

allowed to pour these down into the mountain streams? No, at its own expense it must impound the tailings for the protection of the people who live in the valleys.

Not so with the saloon. It is permitted to take in the priceless young manhood of the community and it stamps, and stamps, and stamps, until all that is precious is extracted, and then, instead of being compelled to impound the tailings at his own expense, it is permitted to throw the dregs of humanity out upon society, and society must take care of the paupers, the criminals and the insane, who graduate from the saloon.
